# Osazee Austine Ogbeide

Currently undergoing a master programme in Cyber security at Teesside University. Eager to contribute to team success through hardwork, attention to details and excellent organisation skills. I'm motivated to learn, grow and excel in using technological tools to improve and solve real life problems.

## Experience

### Web Developer

*Freelancer*  
2019 - 2021

Full stack web development using JavaScript frameworks and API applications (Adonis.js and Express.js).

Intermediate experience with Vue.js and React on front-end development. Intermediate skills with Java programming, for developing custom desktop applications.

### Internship Training programme(I.T Assistant)

*NABTEB-Benin city, Nigeria*  
JUNE 2018 - FEBRUARY 2019

Engaged in the use of OMR machines(DRS6000) for the marking of scripts used for the national exam.

Worked along side other staff for the quick release of the National exam results.

Developed a desktop application using Java programming for the automation and printing of documents in bulk.
